SECRET

REMOTE VIEWER'S PERCEPTIONS

...FIRST SOURCE REPORTED THE OCCURRENCE OF AN EXPLOSION WHICH WAS DESCRIBED AS BEING LIKE EXTREMELY BRIGHT LIGHTNING IN A CLOUD. IT CREATED BRILLIANT, INTENSE, PURE LIGHT AND LIGHT COLORS, AND THE PHYSICAL SENSATION OF SOMETHING NEITHER SOLID OR LIQUID RUSHING PAST. THE MILITARY WAS INTERESTED IN THE PROJECT TO SEE IF USEFUL APPLICATIONS EXIST, BUT EXTENSIVE CIVILIAN REPRESENTATION AND CONTROL WERE PRESENT. SOMETHING ABOUT THE EVENT WAS UNEXPECTED OR UNANTICIPATED, EITHER OCCURRING PREMATURELY OR THE EFFECT WAS MORE PRONOUNCED THAN EXPECTED.

...SECOND SOURCE WAS UNABLE TO PROVIDE RELEVANT DATA.

...THIRD SOURCE REPORTED THE OCCURRENCE OF AN EXPLOSION. SOURCE DESCRIBED THE EXPLOSION AS A VERY LARGE EVENT INVOLVING BRIGHT, GLINTING LIGHT IN RADIATING RAYS. THE EVENT OCCURRED IN A CIVILIAN AND MILITARY ENVIRONMENT. TWO DIFFERENT GROUPS OF PEOPLE WERE ASSOCIATED WITH THE EVENT. ONE GROUP VIEWED IT ON A SCIENTIFIC NATURE AND THEY WERE LOOKING AT THE EVENT AS THE BEGINNING OF FUTURE POSSIBILITIES. THE SECOND GROUP WAS MORE CONCERNED WITH THE TACTICAL/STRATEGIC RAMIFICATIONS AND THE EFFECTS IT COULD PRODUCE ON OTHERS.

ANALYTICAL COMMENTS
